"Garden Retreat" has something all for all ages. The outdoor backyard is a retreat, featuring drought tolerant landscaping and beautifully lighted path ways made out of decomposed granite. Filling out the yard, various surprises include: a large pot water fountain, fairy garden, grass oasis, a huge jungle gym, private patio, herbs, grape arbor, and most areas are covered by a timed sprinkler system. All living space has redone hardwood floors. The Living/Dining Room of course includes a gorgeous wood/gas burning fireplace, large windows with views to the "Retreat". Kitchen is cute and comfortable with an eating area and most appliances will stay. Separate Laundry closet inside the home. This home features two good-size bedrooms and one master with a 3/4 bath. Location is within walking distance of Whitwood mall. Easy to show
